

PLAN OF ACTION

Commercial Club Maps It Out at Big Meeting.

The Year 1913 to Be Busy and Beneficial.

THE UNION STATION IDEA

Santa Fe Won't Back Through Trains Into Town.

Club Membership and Factory Aid Campaigns.

The Topeka Commercial club will have a busy year in 1913. A plan of action was mapped out at an enthusiastic meeting of club members held Friday night.

The question of a union depot for Topeka will be investigated. A committee of five will be appointed to look into the proposition of eliminating the taxes on the new manufacturing enterprises in Topeka for a period of several years. Another committee of five will be appointed to solve the problem of handling flood waters in the South side factory district and thus protecting hundreds of thousands of dollars' worth of property. The factory aid fund will be pushed to completion.

"There has been considerable talk since I came to Topeka—and before that time—about a union station for Topeka," said J. Will Kelley, secretary of the club. "It is a sentiment favors a station, let's make a start in that direction."

N. P. Nielsen, a Topeka architect, proposed building a union depot over the Kaw. He declared that the idea could be made to materialize, and that this would do away with the necessity of purchasing a site. The Rock Island and Union Pacific trains would run in from the North side and the Santa Fe and Missouri Pacific from the South side.

E. L. Coleman, treasurer of the Santa Fe, said if it would be necessary for the trains of his system to back into a station it would mean a great expense to the road. He intimated that the through trains might not come through Topeka at all.

"One railroad man," said W. W. Webb, "told me that it could be arranged so that all roads could head in and head out of the station there would be no serious objection to the station. I think the question worthy of investigation." The proposition will undoubtedly be placed in the hands of a committee.

"There is now a situation in the factory district of the South Side," said Secretary Kelley, "a good deal more serious than before the dike was built. There are four millions of dollars in property involved. If there should be a flood like the flood of 1903 there would be almost a total loss in this district. The worst epidemic in the history of Topeka might follow. There is no way at the present time of handling the flood waters from the city."

It was pointed out that in case of a flood the water in the Kaw would be higher than the factory district, and consequently that portion of the city would be swamped with the drainage waters from Topeka.

"In order to create the difficulty," said A. R. Young, city engineer, "it would be necessary to put in an intercepting sewer and a pumping station; also flood gates at the dike. It would be necessary to have a dike, not a levee, in case of a local waterpout in time of flood the condition would be worse than it has ever previously been."

"The factories in this district," said N. B. Burge, "are spending hundreds of thousands of dollars in improvements as soon as the district is made safe from floods. It is a serious proposition. We must solve it as men."

George Goetz, chairman of the membership committee, stated that he wants two hundred volunteers to assist in a big membership campaign which will be held in the course of a few weeks.

The Factory Aid Plan.

"The work of our committee will not cease," said C. S. Elliott, chairman of the promotion committee, "until we have the amount subscribed for the factory aid fund that we deem sufficient, although the plan may be put in operation before that point is reached. The committee is sorely in need of workers; that is workers who are willing by lending their presence as members of subcommittees to visit the business men. We have actually collected \$112,000, but the amount in sight is \$125,000." The goal set by the committee was \$250,000.

W. W. Webb, chairman of the pipe organ committee, stated that through moving picture and other entertainments the committee had been enabled to "pay off \$1,026 of the indebtedness on the pipe organ. There remains to be paid about \$6,800."

White Way Extensions.

Mr. Webb also reported much progress in white way extension. "In our next report," he said, "we hope to be able to say that our plan as first outlined is completed. Then there will be white way from Tenth to Gordon streets on Kansas avenue, to the Santa Fe depot on East Fourth street, from Kansas avenue to Quincy street on Sixth avenue, from Kansas avenue to Quincy street on Seventh street, from

PROGRESSIVE DEMOCRATS UNITE TO CONTROL POLICIES OF NEXT CONGRESS

Senators Pomeroy and Gore (at top), and Senator Hoke Smith.

Washington, Jan. 11.—That the progressive policies of Woodrow Wilson will receive strong support in the next congress now seems assured. Twenty-eight progressive Democrats—a majority—have bound themselves in a hard-and-fast agreement to work for progressive legislation and to stand behind Wilson. Several Progressives and Progressive Republicans have signified a willingness to work with the progressive Democrats.

The first step that will be taken by the progressive Democrats in their campaign will be an attempt to abolish the rule of seniority in the appointment of committees. An attempt will be made to place in control of every committee men who are in sympathy with the Wilson policies.

In control of the committees, the progressive Democrats expect to be able to push through the legislation which they favor. On every important measure the Democrats will caucus before voting. The progressives will control the caucus, and as the Democrats will be in control of the senate it should be an easy thing for the twenty-eight progressives to get their pet measures through.

Among those prominently identified with the present movement to wrest control from the reactionaries in the senate are Senators Hoke Smith of Georgia, Gore of Oklahoma and Pomeroy of Ohio.

crats will be in control of the senate it should be an easy thing for the twenty-eight progressives to get their pet measures through.

U. S. GOLFERS TO ELECT

Robert C. Watson Will Be Promoted to Presidency.

New York, Jan. 11.—The elevation of Robert C. Watson from the secretaryship to the presidency of the United States Golf association and the election of John Reid, Jr., of the St. Andrews Golf club, secretary, was said to be assured by many of the delegates who arrived today for the annual meeting of the national governing body in golf. It was declared that there would undoubtedly be serious discussion of the power of the nominating committee to perpetuate itself, but the fact that no opposition ticket had been named for the election of officers tonight led to the belief that this year's nominating committee at least would be supported.

Mr. Watson, a New Yorker, has been secretary of the association for four years and if elected president he will succeed Silas H. Strawn of Chicago, who has been president for two years. For vice presidents the nominating committee has named Milton Gargan of the Atlanta Athletic club and Frank L. Watson of the Denver Country club; for treasurer, Percy B. Pyne of the Garden City Golf club. W. Fellows Morgan was nominated for treasurer for the ninth time but declined.

With the election of officers disposed of, the chief interest in the meeting will be left to the assignment of courses and dates for the three national championships, the amateur, the open and two men's title.

MAN AND THE HOE.

Dr. McCleary to Lecture Tonight at Euclid Church.

At Euclid Avenue Methodist church tonight Dr. Thomas McCleary will lecture on the subject, "The Man and the Hoe." Dr. McCleary is well known here and it is expected the house will be filled for him.

Tomorrow night Dr. McCleary will fill the pulpit at the Euclid Avenue church, preaching for Dr. Edwin Locke, the pastor. Another crowded house is expected. The receipts from the lecture tonight will go to the trustees' fund of the church and will be used in taking care of the extra expense of the church and the incident to the protracted meetings now in progress.

Despite the bad weather the meetings far have been well attended and considerable interest has been manifested. They will continue next week, and possibly the week following. Dr. Locke is preaching every night. Special music forms a part of every service.

NEW YORK DOG WINS.

Oklahoma City Canine Gets Second Place Honors.

Montgomery, Jan. 11.—Artie G. was awarded first place in the derby of the United States field trials here. By winning first place in the derby stakes of this club he also wins the American future stakes.

The dog is owned by B. Duryea of New York.

Second place was awarded Natomie Jane, owned by W. H. L. Campbell of Oklahoma City, and third place was taken by Tool, owned by G. C. Payson of Kennebunk, Maine.

Ask Your Doctor

And why not? Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you.

J. C. Ayer Co., Lowell, Mass.

THE BAR ASSOCIATION GLAVIS QUILTS JOB WHILE UNDER FIRE

Program for 1913 Meeting Out—Walker Hines Guest of Honor.

Programs for the thirtieth annual meeting of the State Bar association to be held in Topeka January 27-28, were mailed today to all members. The 1913 program indicates that the meeting this year will be one of the largest in the history of the association.

Meetings will be held in the supreme court room on the second floor of the state house. Tuesday evening, January 23, the meeting will close with a 6 o'clock banquet to members. The banquet program has not as yet been prepared.

The meeting Monday morning, January 27, will be occupied with reports of officers and formal organization work. At the afternoon session J. D. McFarland, Topeka, will deliver the president's address. His subject is "A Proposed Constitutional Amendment to Provide for the Recall of Judicial Decisions. He will be followed on the program by W. H. Russell of LaCrosse, whose subject is "The Ethics of the Profession." A. M. Keene of Fort Scott will deliver an address on "The Uniformity of Laws." At the afternoon meeting S. H. Allen of Topeka will make a committee report on uniform legislation and amendments of laws. William E. Higgins of Lawrence will also read a committee report on crimes and criminal procedure.

Monday evening's session will probably be held in Representative hall. The annual address will be delivered at this time by Walker D. Hines, acting chairman of the executive committee, and general counsel for the Atchafalaya, Topeka & Santa Fe railway, New York City. His subject is "The Luck in Our Form of Government of Definite Individual Responsibility is a Fundamental Cause of the Evils of Which the People Complain."

The meeting Tuesday morning, January 28, will be held in the supreme court room. E. S. McAnany of Kansas City will deliver the first address. He has been assigned the subject "Sundry Suggestions as Regards Changes in the Courts of Kansas Inferior to the Supreme Court."

Lawyer S. N. Hawkes is the subject of an address by Henderson S. Martin of Marion, chairman of the Democratic state committee.

"The Constitutional Guaranty of the Freedom of Contract," is to be made the subject of an address by S. N. Hawkes of Stockton, first assistant in the attorney general's office.

William R. Arthur, Topeka, will deliver an address at the afternoon session. His subject is "The Trail of Common Law Procedure."

"Lobbying" will be discussed by Earl W. Evans, a well known Wichita lawyer. "Our System of Taxation" is the final address on the afternoon's program. This subject will be discussed by W. S. Glass, a Marysville lawyer and former member of the state tax commission.

The meeting will close with the election of officers, followed by the annual banquet. It is believed that the attendance at the bar association meeting this year will exceed that of any former year, while the program is regarded as one of the most interesting ever offered.

PAST FIFTY? YOU NEED "CASCARETS"

What Glasses Are to Weak Eyes, Cascarets Are to Weak Bowels.

Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles.

So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. Youth may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep.—Adv.

SQUIRRELS ARE HUNGRY

Wichitans Asked to Feed Them During Cold Weather.

Wichita, Kan., Jan. 11.—Squirrels in the verge of starvation and Humane Officer W. E. Reeves has appealed to the people to feed them. He says the nut crop shortage last summer and snow on the ground the past week has made meals for the squirrels few and far between. There are thousands of them in the city.

Famous Stage Beauties look with horror on Skin Eruptions, Blisters, Sores or Pimples. They don't have them, nor will any one who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or Salt Rheum vanish before it. It cures sore chapped hands, chilblains; heals burns, cuts and bruises. Unsurpassed for piles. Only 25c at Campbell Drug Co.—Adv.

resigned as secretary of the California water commission as well as secretary of the conservation commission of that state. An investigation into Glavis' relations with certain lumber companies of Washington while in the latter state in behalf of California organizations was in progress when Glavis quit.

RABBIT BY P. POST.

Lively Jack Delivered Safely by Postman.

Hutchinson, Kan., Jan. 11.—When Mail Carrier Ed Masters stopped at the mail box of H. Smith, on his route, he found a big live jackrabbit awaiting delivery.

Fastened about the rabbit's neck was a band from which suspended a tag bearing the proper address, and duly stamped with parcel post stamps.

Since the parcel post system went into effect, however, the mail carriers have been looking for almost anything, and Masters loaded the jackrabbit onto his mail wagon, carefully tying him so that he couldn't get away.

The rabbit was delivered at the postoffice, but did not have to be sent by railway mail, for it was addressed to Carrier Masters, as a gift from his patron, Mr. Smith.

PERFUMED BURGLAR OUT

Escapes as Guards Watch and Eludes Large Posse.

San Quentin, Cal., Jan. 11.—Herbert Repsold, known as the "perfumed burglar," who was sentenced to San Quentin prison in 1911 for a 20 year term, made an escape under the eyes of the guards late last night. Sixty men with horses and automobiles are searching for him.

Repsold's father, who was a wealthy wine merchant, died, leaving the convict an estate valued at \$50,000.

Ship Insurance High.

London, Jan. 11.—The White Star Line today began to insure its fleet against loss for the ensuing year. The rates charged prior to the Titanic disaster have been nearly doubled.
